

ACTIVITY - USING THE 'KEEPING YOUR VEHICLE SAFE' VIDEO

Why: This video was created in collaboration with the AA New Zealand, to help viewers have a basic understanding of checks they can regularly do to make sure their vehicle is safe for the roads.

USING THIS VIDEO:

- This video can be useful for playing in an assembly or form times leading up to a long weekend
- You could use this video in conjunction with advertising and running the 'Tyre Changing Competition' activity

[Link to 'Tyre Changing Competition' activity sheet](#)

- Share the video on your school or SADD group social media channels and/or website
- Have it available somewhere young people at your school can find and use at any time, like a school resources database.
- Play the video in form times one week, then run a kahoot quiz following it up the week afterwards.
- Run a lunch time event where students get to watch the video, and then practically try each of the skills out on a car provided.
