

NZP

ACTIVITY

GUIDE

Medium level Activities

WORK TOGETHER WITH NZP - GROUP ACTIVITY

Steps

- Invite your local police to come and run a 30 min session with a smaller group. Could be a year group or form class. Works best with a maximum of around 30 people, so you could run multiple sessions.
- When the police staff arrives at your school make sure to let them introduce themselves before you get started.
- Join the police on a checkpoint or request the Mobile Road Safety Base to come to your school. Fill out the form with your school details, some dates and student numbers and send it to your Delivery Lead. [Download form here](#)
- Have a discussion and feedback time
- Run the NZP [kahoot](#) as a recap, with prizes

TOOLS OF THE TRADE

Steps:

- Invite your local Police to come along at lunch time and bring along a police car
- This is an opportunity for students to come and see some of the gear, and learn about how the police operates
- Have some conversation cards and questions that students can use to engage with the Police.
- Pair this activity with something like a sausage sizzle or fundraiser to create more of an atmosphere
- This activity could also be a part of a bigger road safety expo event. Check out the link [here](#)

VIDEO INTERVIEW

Steps:

- Come up with a list of road safety related questions for a police officer
- Make contact with NZP and ask if you can interview one of the police staff
- Interview the police staff ask them the road safety questions and perhaps some fun questions too.
- Play the video in a school assembly, and post it on your schools social media page.
