

# Activity Outline

**Activity Name:** Snap Happy

## Road user behaviour:

Sober drivers

Safe speeds

No distractions

Avoiding risks

Driving to the conditions

Building experience

**Summary:** Hold a competition in your school where students are encouraged to design a snapchat filter with a road safety message.

Encourage students to use the winning filter design on their snaps to spread the message.

## Current Available Resources:

None

## Notes:

Make sure to provide students with information on how to create their design and how to submit it for judging.

You could also create a filter to use as an example while the competition is running

*Created by group 'Not Fast but Furious' at SADD Conference 2018*
