

Activity Outline

Activity Name: Starter pack

Road user behaviour:

Sober drivers

Safe speeds

No distractions

Avoiding risks

Driving to the conditions

Building experience

Summary: Compile and give to students a pack full of free resources from SADD and other organisations. These are great to do before the School Ball to remind students to drive safe!

Current Available Resources:

- SADD resources such as posters, stickers, fold out wallet cards and conversation cards

Notes:

- Talk to other organisations such as the AA about getting some additional information to include in your packs
- Talk to other road safety supporters in your community – the SADD team can help to connect you with these people
- Hand the packs out to year 12 students who are at an eligible age to get their licence
